- For safety reasons, only one (1) water bottle is allowed per bike
- Competitors and/or teams are highly recommended to bring repellent, folding chairs and tents for their teams that may be placed in designated areas assigned by the organizing committee, so that they can be identified by their competitors, and in addition to being useful, create an excellent family atmosphere.

### PRE-RACE MEETING AND COMPETITORS NUMBERS

### WEATHER AND RAIN

- In the unforeseen event that there is rain BEFORE the event, the organizing committee will have to verify that the entire circuit surface is dry, since this type of surface is very slippery with water, it could lead to a delay in the race event from one to two hours maximum
- In the event that the decision is made that it is not possible to compete due to the wet surface, the event will be postponed one day, and will be held on the following: SUNDAY, JULY 10, at the same times.
- In case of rain, while the competition is taking place, please refer to the [Click here for: INTERNAL COMPETITION RULES CRITERIUM CANCUN 2022](#)

### ROAD INFRASTRUCTURE AND PARKING

- The event will take place on a circuit designed on the internal streets of MALECON TAJAMAR in Cancun. The circuit will be completely closed to vehicular traffic, with fences, tape and support from Municipal Transit Police
- All street entries will be closed with fences, cones and tape, to prevent competitors from doing shortcuts, as well as prevent cars from entering the circuit.
- Competitors cars and their companions, can park along the open streets of MALECON TAJAMAR, outside the competition circuit.

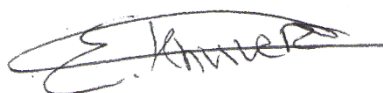

### THEFT, ACCIDENTS AND LIABILITY

- The organizing committee is NOT responsible for theft, accidents, injuries and/or damage to people, equipment, cars or bicycles; before, during and after the competition. Being a sports competition that involves being in a space open to the public and, in turn, also involves riding at high speed in a peloton, it falls within the category of sports with **SPORTS RISK DUE TO SPEED**, so we recommend widely, that the competitors and participants, for cycling competitions, always have insurance against accidents that covers the damages, in case of suffering an accident before, during and after the event, that they can respond before the mishaps.
- In order to participate, every competitor must have signed their liability waiver before beginning their participation, otherwise they will not be able to start the event. The signing of this document determines that the competitor has read, understands and agrees with the entirety of this announcement and the internal competition regulations, as well as, it is understood, that the cyclist competes of his own free will, and with knowledge of the risks involved in this sport and the actions derived from its sporting practice and competition, as well as the accidents that could occur due to the speed and nature of this competition, for which the cyclist himself will assume responsibility for them who presents himself, of his own free will, with knowledge of the risk that could entail, without being obliged by anyone and anything, to be a participant in this sporting competition, thus becoming directly responsible for any situation where, in his case, he could be involved.
- There will be an ambulance and paramedics on site who will only provide first aid services and transfers to hospitals, public or private.
- In case of requiring transfer to hospitals due to a major accident, this will be to the hospital of choice of the competitor or his companions.
